●For opening the hotel

Nowadays, we are confronted with people's values in rapidly changing conditions. More and more people are moved by intangible values rather than tangible values, so we decided to open "HOTEL SUN CHLORELLA" to offer a place where people can feel comfort, joy, excitement and happiness in Kyoto.

We decided the layout of rooms based on the image of a Japanese modern space while maintaining a homey atmosphere. We also have rooms large enough for families to stay together. Kyoto Aquarium, Kyoto Railway Museum and Umekoji Park are within walking distance from our hotel. Our staff will welcome everyone who visits "HOTEL SUN CHLORELLA" aiming to bring smiles and excitement to them.
