## Sun Chlorella Corporation signed a partnership agreement with Mr. Yuki Kawamura, who will lead the next generation of basketball world in Japan

Sun Chlorella Corporation (Head Office: Shimogyo-ku, Kyoto City; President & CEO: Futoshi Nakayama) concluded a partnership agreement with Mr. Yuki Kawamura, who is a member of the SEAGULLS, Tokai University's men's basketball team. As "Official Superfood of YUKI KAWAMURA", we will not only provide Sun Chlorella products but also support him in various perspectives such as performance and career activities.

Mr. Kawamura joined "SAN-EN NEOPHONIX" in B.LEAGUE, a professional basketball league, as a specially designated player when he was a student at Fukuoka Daiichi High School which has a powerful basketball team. In this league, he became the youngest player ever to participate in the game and broke the youngest score record, and then he was awarded the best five rookies of the year for his achievements. In the following season, he joined "YOKOHAMA B-CORSAIRS" as a specially designated player. He was on the list of \*"Forbes JAPAN 30 UNDER 30 JAPAN 2020" and is expected to be a leader in the next generation of Japanese sports.

We concluded a partnership agreement with Mr. Kawamura because our company's slogan "Health is Wealth" matches his belief in maintaining his condition. Moreover, he believes that it is important to acquire knowledge about health management and utilize it from a young age, and we expect him to spread his idea. As a global company, we will support Mr. Kawamura, who may become a leader of the basketball world in Japan and a global player in the future, so that he can stay healthy both physically and mentally, and to achieve their best performance.

\*Forbes Japan selects 30 influential people who is under 30, will represent Japan and change the world annually.

### **[Message from Mr. Yuki Kawamura]**

In the future, I would like to participate in the Olympics and World Championships as a point guard for the Japanese national basketball team and prove to people all over the world that I can play a big role even if I am physically small. I am very grateful to Sun Chlorella for supporting my health and condition which are essential to achieving my goal. Together with Sun Chlorella, I will build an ideal body towards my big goal and make the leap in the basketball world.
